

GIANLUCA TRANCHEDONE

{Software Engineer}

I'm an experienced iOS and OS X (Mac) Software Engineer. I've been working on software for Apple devices since almost 5 years. Now I help businesses and individuals designing and developing iOS and OS X applications as well as working on personal projects.

WORK EXPERIENCE

PRESENT
AUG 2013

Cocoa Beans Ltd

DIRECTOR & SOFTWARE ENGINEER

Cocoa Beans is the limited company I founded to handle my contracting and proprietary software development activities. As a contractor I help businesses developing iOS and OS X (Mac) apps. I work on internal projects in the spare time. My clients include: **Open Reply** (mobile agency and branch of Reply Ltd) ; **Lowdownapp Ltd** (a well funded start-up).

AUG 2013
APR 2013

Tictrac Ltd

LEAD MOBILE DEVELOPER

Tictrac is a Lifestyle Design platform that lets users discover more about themselves from the data they're creating. Here I've been working on the second version of the iOS app while designing and developing, in close collaboration with the back-end team, an SDK for third-parties integrations with the service.

MAR 2013
OCT 2012

doo GmbH

IOS / OS X SOFTWARE ENGINEER

At doo I lead the architecture design of the iOS app and helped developing and improving components for OS X client. My work ranged from database management, document contents scanning, networking and UI in a team of about 10 people.

SEP 2012
JUN 2011

Service2Media

IOS DEVELOPER

At Service2Media I've been working in small Agile/SCRUM teams composed of a project manager, a designer and a few developers to build and improve solutions for the company's customers. Most projects I've worked on related to the development of iOS apps for the media.

MAY 2011
DEC 2009

INDEPENDENT IOS DEVELOPER

This is how I've been learning how to develop iOS and Mac apps. I've been self-studying about software development for about 1 year and then I've been working on apps for myself and some friends. Eventually I landed a freelance job until I finally got a permanent position.

EDUCATION

2011
